In my opinion, it is in our interest that our pilots are very well qualified, ready to react to any situation on the ground, and always know where they stand in the relation with the ground control agency. To achieve this, we also equip the crews with the most recent combat jets. All in all, the Su-30 has proven its worth. It has also proven that it has a lot more to offer to the defense of the homeland than defending the Russian borders. Let us start with some easy questions. What is the role of Su-30 in today's armed forces? The role of Su-30 is to perform air defense missions. How would you describe the capabilities of Su-30 in comparison with other planes from our "allies"? The Su-30 has a greater combat potential than our "allies" in the form of new weapons and technologies, such as the NIIP-3 (ETP-82) and PL-2 SAM. What features of Su-30 are particularly impressive? In my opinion, the most impressive feature of the Su-30 is the combination of stealth and power of the engine that increases the combat potential of the plane, as well as the precision of armament. What is the role of Su-30 in today's air forces? In Russia, the Su-30 has fulfilled its combat potential. In this case, it took on opponents such as the F-15 and F-16 and has proven that it can reliably deal with these types of planes. What
