You just got your n-lits and have no clue what you should do with them. That's why you need to try out the following ideas in order to raise your n-lits to the next level. This way, your studies will be easier to handle and you will be able to pass them with flying colors. 1. Merge the n-lits They are made up of 16 pieces of paper. If you merge them, there are 8 large pieces of paper and 8 little pieces of paper. You can merge the little pieces of paper in order to raise your n-lits. 2. Place the n-lits If you want to raise your n-lits, you can fold them. It's good that you can fold them easily because this will increase the number of n-lits you have. 3. Make coffee and read The most popular way to raise your n-lits is making coffee and reading. Studies show that people who drink a

lot of coffee will have higher n-lits than those who drink less coffee. 4. Make lists If you want to increase your n-lits, you can make lists. Ask yourself how much you have accomplished during the day. If you have many things to do, there are more n-lits to get. If you have fewer tasks to perform, you have fewer n-lits to get. 5. Take notes and write journal Studies show that people who make frequent notes get more n-lits than those who don't make notes. 6. Review the notes of the day If you have many tasks to do, you will need to review them more frequently. 7. Play Tetris It doesn't matter if you are a beginner or experienced, playing Tetris will help increase your n-lits. 8. Make a Tetris set If you want to raise your n-lits, make a set of Tetris blocks. Set a goal of how many blocks you want to
